ARM's customized and concierge approach to partnering with customers uniquely positions our company to realize efficiencies without compromising innovation.

Position Description:

Responsible for providing virtual and field reimbursement support and consultation to help offices obtain authorization for appropriate patients. Manage daily activities to support patient access in oncology and represent our clients. More specifically, the position requires:

- Establish relationships within a practice by working closely with them to help remove access barriers to specialty products for their patients
- Act as an extension of our clients and provide one-on-one coverage support using collaboration tools
- Offer assistance and support the entire access journey through payer prior authorization to appeals/denials requirements procedures and forms
- Review patient-specific information in cases where the site has specifically requested assistance in resolving any issues with coverage challenges
- Act as a conductor between the HUB/Specialty Pharmacies and the Patient/Office
- Review patient insurance benefit options
- Educate physician office staff on the use of our client's HUB
- Serve as payer expert and communicate changes to key stakeholders
- Provide office support in accurate coding and billing for client products

Experience Level:

- A Bachelor's Degree, relevant specific practice management experience preferred
- Minimum two years' experience in public or private third party access arena or pharmaceutical industry in managed care, clinical support, and/or sales experience with specialty products acquired through Specialty Pharmacy networks and the ability to teach an office the entire process from script to treatment compliance
- Experience with coding, billing and in-office support of these programs
- Knowledge of Centers of Medicare & Medicaid Services (CMS) policies and processes with expertise in Medicare Part D (Pharmacy Benefit design and coverage policy) a plus
- Previous experience in launching new oncology and or specialty pharmaceutical products or indications a plus
- Ability to travel and cover large multistate geography territories, 10% travel required (during COVID 19) and
- A valid driver's license to drive to assigned healthcare accounts, unless otherwise specified
- The drive for self-development, the ability to collaborate and an action-oriented work ethic
